

Audiology and Speech Pathology Center Walter Reed National Military Medical Center

70th Anniversary Workshop and Reception

November 8, 2013

8:00 AM-3:30 PM Dual-Track Workshop
Reception immediately following Workshop at the
Audiology and Speech Pathology Center

**There is no registration
fee for this inaugural Workshop.
Seating is limited. Register early!**

The Audiology and Speech Pathology Center (ASC) will commemorate its storied history, current successes and future endeavors, and recognize the contributions of the ASC to the United States military and the professions of audiology and speech-language pathology with a full-day continuing education workshop and afternoon reception/open-house on Friday, November 8, 2013. Current staff (clinicians and researchers) as well as other nationally recognized experts will present on such topics as: dysphagia resulting from combat-related injuries, contemporary vestibular diagnosis and treatment, new directions in Audiology and Speech Pathology, hearing and speech research, cognitive-communication assessment and training for patients with traumatic brain injury, hearing aids, and much more.

WRNMMC is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 0.55 CEUs. Academy approval of this continuing education activity does not imply endorsement of course content, specific products, or clinical procedures. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

Walter Reed National Military Medical Center is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

Friday 8 November 2013
